Porsche AG announces
the sale of a brand new
race car - the Porsche 911
Carrera RSR 3.8

This exciting new model will be eligible for IMSA GT, SCCA World Challenge, Porsche Club of America Club Racing and International competition, such as Le Mans.

Powered by a 3.8-liter 325 hp Porsche six-cylinder air-cooled engine, the new RSR will be delivered race-ready from the Porsche factory complete with a welded-in roll cage and other special racing and safety equipment.

The Porsche 911 Carrera RSR 3.8 has proven itself in 1993 with impressive performances in the 24 Hours of Le Mans, the 24 Hours of the Nurburgring and the 24 Hours of Spa. It will now be available for competition in North America for appr. \$135,000. F.O.B. Stuttgart.

To order or receive additional information on the Porsche 911 Carrera RSR 3.8, please contact Mr. Juergen Barth at
Porsche AG Customer Racing
